

EVOLVE COLLEGE COVID-19 – STUDENT CLINIC SCREENING

Thank you for booking to attend a student massage practice session with your nominated Evolve College student, in connection with their studies.

Your Evolve College student practitioner has been trained in COVID-19 safe practices and looks forward to welcoming you to their student practice clinic.

Please be advised that, due to COVID-19, additional safety and security measures are in place in your student's clinic.

If any of the following apply you will not be able to attend a massage practice session at this time:

1. You have any flu like symptoms (however mild);
2. You have been in contact in the last 14 days with anyone diagnosed with Coronavirus;
3. You have returned from anywhere overseas in the last 14 days; or
4. You are required under any government law or regulation to self-isolate or quarantine, for any reason.

If any of these apply, please contact your student practitioner and they will reschedule for you when the above no longer apply.

Also, to meet regulatory requirements, **you will need to:**

- Provide your details for record keeping upon arrival (using your student practitioner's consent form)
- Wash your hands or use alcohol-based hand sanitiser upon arrival (which your student practitioner will supply)
- Not bring friends or family members to appointments.

We thank you for your understanding. We are working together, to keep everyone safe.
